

Dear Church Supporter of Morris Habitat for Humanity:

We are very proud to announce the launch of Healthy Home Network TV and our new Church TV Channel. As a supporter of Morris Habitat for Humanity you are cordially invited to place our new Church TV Channel directly on your website; it's free. [Click here to see our live channel](#). The embed code is available on Healthy Home Network TV (<http://hhntv.org>) or <https://morrishabitat.hhntv.org>.

Throughout the next year we will be featuring many more benefactor stories of our local Morris County families on Church TV. We know that none of this good work, (God's Work), at Morris Habitat for Humanity could not ever be accomplished without the time and talent from our local churches and their members. These days it is just as important that we provide the communication tools for our faithful supporters, like you, to best deliver our message.

Over the next year, it is our commitment to Build on Faith and Move our Faith into Action. We envision that Church TV can also help your church members, who may be in need of our expanded offerings. We therefore invite any of our supporting churches to please announce to their veterans, seniors and families in need about our new aging in place and home improvement programs.

Once the Church TV Channel is placed on your website, your people simply need to be directed to your website and any of those in need can click the links on Church TV. And, of course, for those who do not have web access they can call me at any time [973-632-1906](tel:973-632-1906). While Church TV is the connector for all of us to better collaborate over the next year, Morris Habitat for Humanity will do the very best to try and help each and every person in need.

Please consider to help us spread the word of those who can donate time and talent to our cause of helping people have a decent place to live. If you have any questions please call me at any time [973-632-1906](tel:973-632-1906). I would also be delighted to discuss some of our co-fundraising efforts and team building programs in the coming months.

(SIGNED) Service in God's Name Every Day

Paul

Paul Argen, CEO HHNTV
